

WILD HEARTS THOROUGHBRED ADOPTION SOCIETY
Registered Charity # 70547 9806 RR0001

487 Darcy Mountain Rd B348 | Princeton | BC | V0X 1W0
www.wildheartsthoroughbredadoption.com | 250.293.6193

RETIRING THOROUGHBRED SUBMISSION FORM

*Please complete form and send to info@wildheartsthoroughbredadoption.com or text to 250-293-6193. You will receive confirmation of receipt within 24hrs, and upon approval horse pickup can be arranged. If you do not, please text 250-293-6193.

Rules of Entry

- Horses must be Thoroughbreds that have raced or trained in British Columbia, Alberta or WA.
The American Association of Equine Practitioners' 'Transitioning the Retired Racehorse: Guidelines for Equine Practitioners, Adoption Organizations and Horse Owners' will be followed by Wild Hearts board members and volunteers involved with intake assessment and decision-making.
WH Thoroughbred Adoption Society will provide pick up (arrangements to be made following approval) for approved horses and horses will be brought directly to Wild Hearts Ranch where they will begin rehabilitation (where necessary), and retraining on the ground and under saddle until such time an approved adoptive home becomes available, and the horse is placed.
Horses that have been away from the track for more than TWO years are not eligible.
We do not currently offer 'Sanctuary' so horses retiring with a 'pasture sound only' prognosis are not eligible at this time (though we are working towards obtaining the facility and funding to support this in the future!)
Stallions must be gelded.

Donated Horse Information

Financial Assistance

Horses retiring without known limitations can be donated *without* donation made (though always appreciated as adoption fees don't come close to covering costs!). **Horses retiring with known injuries, requiring rehabilitation and/or who will retire with limitations** in their second career require a minimum \$500 donation as these horses require lengthier stays and resources. Horses must be able to be rehabbed to a minimum of 'rideable/flatwork only'. We do not offer sanctuary at this time (though it's part of our long term goal!) so we are unable to accept 'pasture sound only', which is what this category of horse often requires as they do not receive interest from adopters).

Owner/trainer may arrange delivery of horse (following board approval) at their own expense, or, Wild Hearts can arrange pickup from track or nearby facility (\$300 pickup fee required).

Payment can be sent via cheque to Wild Hearts (mailing address: Box 348, Princeton, BC V0X 1W0) OR via e-transfer to info@wildheartsthoroughbredadoption.com. Payment must be received before pickup.
